

2 November 1951

MEMORANDUM FOR: Adviser for Management
FROM: Assistant Director for Intelligence
 Coordination
SUBJECT: Translation Service

I am returning the proposed Regulation 50-5 without my concurrence. I do so even though, as it stands, there is little in it to which I can take exception. I cannot concur, however, because:

(a) I have some reservations as to the desirability of issuing regulations covering only a part of the services of FDD, and

(b) Our office as you know is making a study of FDD in conjunction with O/O. The conclusions of this study may shortly require a total reexamination of the Regulations pertaining to FDD. I therefore feel that the issuance of Regulation 50-5 should be deferred.
